3.0 Assessment

Learning outcomes are assessed based on your achievements submitted in your individualized student portfolio that is facilitated by an online web-portal: *ELE Portal*.

The portfolio will contain an account of your experience in a learning diary with details of the activities you had carried out.

3.1ELE Portal Profile

ELE Portal is basically an evaluation and portfolio system created to measure your performance. Most importantly, it also serves as a system to provide you with an achievement target. The achievement target for the three ELE levels is a Pass/Fail grade with the following point allocations for each year:

For degree student:

- Year 1: MPU 3411 – 100 points minimum
- Year 2: MPU 3421 – 100 points minimum
- Year 3: MPU 3431 – 100 points minimum

For diploma student:

- Year 1: MPU 2411 – 100 points minimum
- Year 2: MPU 2421 – 100 points minimum

For A-level/Foundation student:

- Year 1: EAA 100 – 100 points minimum

Students will have around 11 months to accumulate the point from the semester they registered the subject, as per the table below:

Subject registered on:	Point accumulation deadline
January semester	1 st December of the same year
May semester	1 st April next year
September semester	1 st August next year

For example, if you registered MPU3411 in 2020-01 semester, you have to collect minimum 100 points to pass the subject before 1st December 2020; if you registered MPU3411 in 2020-05 semester, you have to collect minimum 100 points to pass the subject before 1st April 2021.

The portal is accessible via this link: <http://apps.ucsiuniversity.edu.my/ecas>

3.2 Programmes Involved

Please refer to your respective programme study plan. Enquire your head of programme for confirmation, if ELE subject appear in your course list, you are required to complete it as per the study plan for your completion of study.

4.0 ELE Portal profile and Points Accumulation

Each student registered under the ELE Course creates your own portfolio called ELE Portal Profile. You will be able to keep track of your accumulated points and achievements in the ELE Portal profile. Every time you participate in an activity/event, you must key in your event report via the ELE Portal profile within seven (7) days of the event, any late submission will not be entertained.

To proceed to MPU 3421, and MPU 3431, you must pass the pre-requisite papers (i.e. MPU 3411 for MPU 3421, MPU 3421 for MPU 3431, and MPU 2411 for MPU 2421). With prior approval from the Student Affairs & Alumni (SAA), you might be able to combine and complete 3 credits within two years. However, such approval may only be given if you achieve a CGPA of 3.000 and above for your academic performance in Year 1 or Year 2, whichever is relevant.

The e-briefing is prepared by the Student Affairs & Alumni (SAA) and the Student Council. It will include, but is not limited, to:

- The ELE Course: Its rationale and operations
- Student Affairs & Alumni (SAA): Guidelines and operation manual
- Student Council (SC): Guidelines, operation manual, list of associations/clubs/societies listed under the SC

The e-briefing is available at: <https://www.ucsiuniversity.edu.my/current-students>

You MUST register during the first semester of your year of study, i.e. MPU 3411, MPU 2411 in Semester 1 of Year 1; MPU 3421, MPU 2421 in Semester 1 of Year 2; and MPU 3431 in Semester 1 of Year 3.

4.1 Point Accumulation Period

For all ELE Subjects (EAA100/MPU3411/MPU2411/MPU3421/MPU2421/MPU3431), the point accumulation period is 11 months from the date of registration of subject. Illustration as below:

Semester Registered for ELE Subject	Point Accumulation Deadline
January Semester	1 st December (the same year)
May Semester	1 st April (the following year)
July Semester	1 st June (the following year)

For example, if a student register MPU 3411 subject in 2020-01 Semester, the point accumulation deadline will be 1st December 2020; if a student register MPU3411 in 2020-05 semester, the point accumulation deadline will be 1st April 2021. Alternatively, student can also refer to the ELE Portal for the point accumulation deadline, under the “My Profile” page.

5.0 Point Allocation for the Overall Category

For example, for a 500 participant's event to qualify for national level, at least 150 students must come from other states in Malaysia; a 50 participant's event must have at least 20 participants or 3 organizations from other states in Malaysia. The point for each level is shown in the table below:

Club	1
University	2

International	5

For example, an UCSI University-organized Merdeka Celebrations which is open to and participated by the University community is awarded 2 point for exposure level. For UCSI University-organized Merdeka Celebrations event open to and participated by the entire Malaysian nation, 4 point will be given for exposure level.

5.1.2 Internal and External Competition (Sports or Non-Sports)

You can also collect points by participating in any internal or external competition. For any event organized by outside organizations or institutions, invitations to the event will be channelled to the associations/clubs/societies registered under the SAA. You must obtain permission from the SAA before committing yourself to the event.

For any events that are not mentioned below, a written proposal has to be submitted to the SAA for approval, 2 weeks prior to the event.

Points are awarded based on exposure level and on the competition outcome:

Exposure Level x Competition Position

For example, a student win the gold medal in South East Asia game will be awarded:

$$10 \times 10 = 100 \text{ ELE point}$$

A student win third place in UCSI University singing competition will be awarded:

$$4 \times 6 = 24 \text{ ELE point}$$

The point breakdowns are as follows:

Exposure Level:

Club	2
University	4
State/Intervarsity	6
National	8
International	10

For example, a singing competition open to and participated by UCSI University students will be awarded 4 point; while a singing competition open to and participated by public around Selangor area will be awarded 6 point for exposure level

Competition Position:

Participants	2
4 th place/semi-finalist	4
3 rd place	6
2 nd place/finalist	8
1 st place	10

For example, a student participate in a competition will be awarded 2 points; a student who win 1st place in a competition will be given 10 point for competition position.

If you gain a place in a particular event, only the placing points will be considered and not the participation point.

Example: -

- Placing: 40 points (Champion)

Total points allocated to the student would be 40 points and not 48 points.

Organising Events/Competition for Associations/Clubs/Societies/Faculties/University

At the club/society/associate/faculty level event, it is strictly open only to its own club/society/associate/faculty ‘members’. However, the university level event is open to the entire University community.

The calculation for the ELE point is:

$$[\text{Exposure Level} + (\text{Learning Outcome} \times \text{Duration}) + \text{Duration}] \times \text{Post Hold}$$

The point breakdowns are as follows:

Post Held:

Organising Chairperson	1.5
Organising Vice Chairperson	1.4
Committee	1.3
Supporting Committee	1.2

For example, Organising Chairperson of the event will get 1.5 multiplier for the position held; secretary will fall under committee and get 1.3 multiplier for position held; while ushers, emcee, performers, facilitators and all supporting staff will fall under supporting committee category.
